- **Idaho Operating Engineers-Employers Pension Trust Fund**

Re: Member PIN Request and Enhanced Website Notice

Earlier in February 2019, we announced the new trust website that created immediate access to plan information. We are now pleased to announce that we have enhanced the website to include confidential access to personal member information, which may be viewed through the secure site by entry of a Personal Identification Number (PIN) and your social security or WPAS ID number.

A PIN will be assigned and mailed to you upon your written request. To request a PIN, please complete the enclosed "PIN Request Form". For security purposes you *may not* choose your own PIN. Members will only have access to their own paid claim's history and that of dependents under the age of 13. Spouses and dependent children age 13 and over must request their own PIN.

To request a dependent PIN, go to the website www.wa-idengineerstrustfunds.com and download a "Dependent PIN Request Form".

The "Member Login" information includes the following data:

- Personal Information – name, address, gender, birth date, marital status, etc.
- Health Plan Eligibility – displays eligibility for the current and prior months
- Hours/Contributions – Statement showing employers reporting hours and contributions to the Trust on your behalf
- Dependent Enrollment Information – names of enrolled dependents
- Medical Claims Summary and Paid Claims Detail

If you have any questions about the contents of the website or access to "Member Login" information, please feel free to contact the Administration Office Eligibility Department at (800) 351-6480, option 4.

Sincerely,

The Administration Office
